## PROFILE SUMMARY

Highly skilled and results-oriented professional with solid experience in working with backend technologies like node js. Extensive experience in building REST APIs.Willingness to take on added responsibilities to meet team goals. Have the ability to handle multiple projects simultaneously with a high degree of accuracy.Willing to relocate.

## WORK EXPERIENCE

Aug 2022 to 2023

**Software Engineer at Xelpmoc Design & Tech**

1. Worked with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability, and performance.
2. Updated old code bases to modern development standards, improving functionality.
3. Developed robust, scalable, modular and API-centric infrastructures.
4. Reviewed project specifications and designed technology solutions that met or exceeded performance expectations.
5. Coordinated with other engineers to evaluate and improve software and hardware interfaces.
6. Represented software applications engineering team during large and complex development projects.
7. Integrated third-party tools and components into applications.
8. Promoted experience with Amazon Web Services.
9. Collaborated with management, internal and development partners regarding software application design status and project progress.
10. Designed enhancements and updates for subsystems of end-user applications software running on local, networked and Internet-based platforms.

## INTERNSHIPS

**Xelpmoc Design & Tech, 2 Months**

As a software engineer ,my role in the project is building the REST APIs in node js using different databases based on requirement.I developed so many skills while working on this project like deploying and running the project on

AWS EC2.Using AWS SDK in the backend code for using aws services like S3,RDBMS ,LAMBDA etc.I got vast experience in creating document models for storing data in mongodb as well as creating tables for SQL.

## OTHER INTERESTS

Playing Cricket ,Watching movies and Chitchat with friends
